# Recomendaciones de cómo publicar con impacto

---

# Cuestiones antes de elegir una revista

¿Es fácil recuperar los últimos artículos de la revista?

¿Puede identificar y contactar fácilmente al editor?

¿Reconoces al comité de redacción?

¿Las políticas editoriales de la revistas están detalladas?

¿La revista es clara en cuanto al tipo de revisión por pares?

¿Se indexan los artículos en los servicios que utiliza?

¿Está claro qué tarifas se cobrarán?

# Pasos para elegir una revista meta

## Preselección

- Búsqueda de métricas de impacto e indicios de calidad
- Área de clasificación de revista
- Herramientas de comparación de revistas

## Selección

- Normas de publicación de la revista
- Publicación de los artículos: tiempo de revisión, tasa de rechazo.
- Presencia de la revista en una o varias bases de datos

## Sumisión

- Elección de la sección dentro de la revista
- Adaptación a las normas de publicación de la revista
- Carta de presentación al editor

# Cómo identificar revistas dónde publicar

1. Seleccionar una base de datos o índice de revistas.
2. Localizar unas tres revistas “meta” donde publicar.
3. Valorar la calidad de las revistas seleccionadas.
4. Identificar el impacto y otras métricas de la revista.
5. Conocer las oportunidades de publicar en acceso abierto.
6. Averiguar las condiciones de derechos de autor.

# Áreas de publicación por fuentes

Las temáticas varían de acuerdo con los recursos:

Fuentes	Áreas	Sub Áreas	Clasificación
Scopus	27	334	<ul style="list-style-type: none"><li>All Science Journal Classification – ASJC - (areas; subject areas)</li></ul>
WoS	22	251	<ul style="list-style-type: none"><li>WoS categories field (CORE) - (subject areas)</li><li>Essential Science Indicators (ESI) - (areas)</li></ul>
DOAJ	21	181	<ul style="list-style-type: none"><li>Library of Congress Classification (areas; subject areas)</li></ul>
Latindex	7	183	<ul style="list-style-type: none"><li>Library of Congress Classification (areas; subject areas)</li></ul>
Dialnet	13	68	<ul style="list-style-type: none"><li>Materias y Submaterias</li></ul>

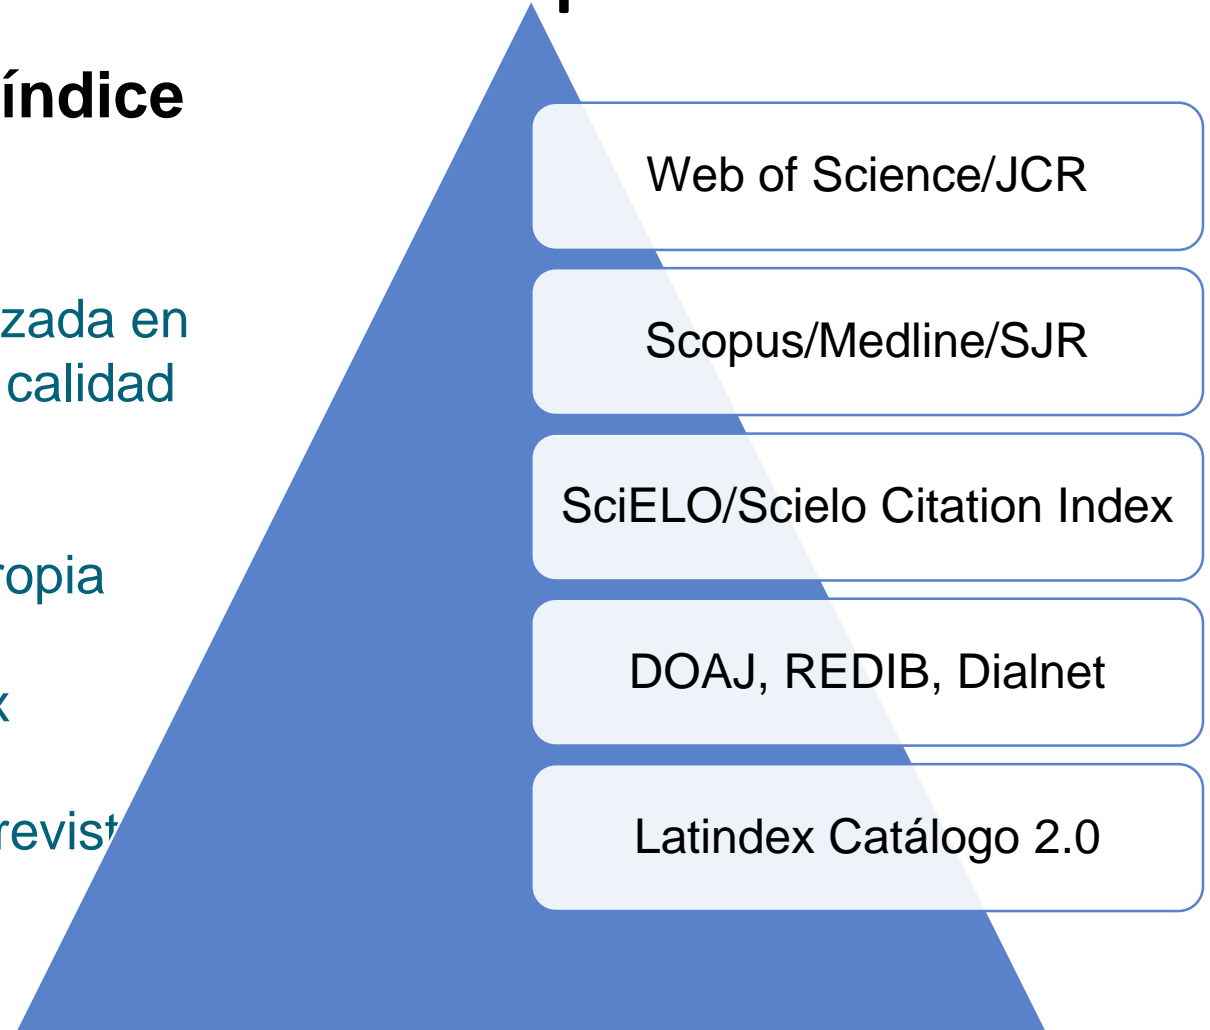

# Cómo identificar revistas dónde publicar

## Seleccionar una base de datos o índice de revistas.

Para saber si una revista se encuentra indizada en uno o varias plataformas de evaluación de calidad o índices de citación implica:

- Revisar la presencia declarada por la propia revista(\*)
- Buscar la revista en MIAR, DOAJ, Index Copernicus.
- Comprobar la cobertura temporal de la revista en las indizadoras.

\*Nota: Se deben corroborar los datos.

# Cómo identificar revistas dónde publicar

**Para seleccionar revistas meta cconstatar la existencia de la revista en una de las siguientes fuentes (cada una responde las preguntas):**

- ROAD - <https://road.issn.org/> (¿Existe el ISSN?)
- DOAJ - <https://www.doaj.org/> (¿Es de acceso abierto?)
- MIAR - <http://miar.ub.edu/> (¿Dónde está registrado/indizado?)
- Index Copernicus - <https://journals.indexcopernicus.com/> (Indizado en Scopus/WoS?)

Si no se ubica en las fuentes anteriores, puede tratarse de una **predadora (\*)**. Constatar aquí:

<https://predatoryjournals.com/journals/>

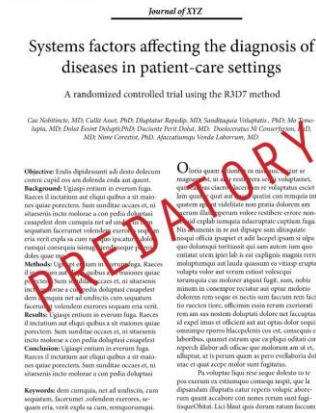

*\*Nota: Revistas o editoriales que realizan prácticas deshonestas.*

# Revistas depredadoras, ¿qué son?

*Predatory publishing* es un fenómeno reciente y en alza que supone un fraude intelectual, pues pone en peligro la calidad de la contribución científica, compromete a autores, revisores y editores de revistas legítimas, deteriora la imagen de la publicación tipo *open access* y supone un negocio muy lucrativo para algunos.

Fuente: Neurocirugía, 29(1), 2018, pp. 39-43

### Call For Research Papers

IJSTR welcomes the authors to submit their journals in aims to exchange and spread the latest researches, innovations and extended applications via online and printed monthly publications. All the submitted journals are reviewed by full double-blind international refereeing process.

IJSTR publication includes theoretical, practical and empirical paper in all areas of engineering and sciences. However, IJSTR enlists the below areas from Computer Science, Chemistry, Physics, Biology, Medical Science, Geology, Statistics, Accounting, Social Science, Mathematics, Management and Economics without putting any cap on the uncovered ones.

### Call for Papers - Volume 9, Year 2020

- [Online Submission](#)
- [IJSTR Paper Submission Format](#)
- [Author Guidelines](#)

Following is a long list of areas covered which is in fact much wider in scope than what you see. So, find out the details for the list (the areas are not limited to the following):

- Active and Programmable Networks
- Active safety systems
- Ad Hoc & Sensor Network
- Ad hoc networks for pervasive communications
- Adaptive, autonomic and context-aware computing
- Advance Computing technology and their application
- Advanced Computing Architectures and New Programming Models
- Advanced control and measurement
- Agent-based middleware
- Alert applications
- application specific IC's
- automotive, marine and aero-space control and all other control applications
- Autonomic and self-managing middleware
- Autonomous vehicle
- B2B and B2C management
- Bioinformatics
- Bio-Medicine
- Biotechnology
- Broadband and intelligent networks
- Broadband wireless technologies
- CAD/CAM/CAT/CTM
- Internet Technologies, Infrastructure, Interworking architecture and interop
- Knowledge based systems
- Knowledge management
- Location and provisioning and mobility
- Location Based Services
- Logistics applications
- Management Theory
- Management information systems
- Medical imaging
- MEMS and system integration
- Micro/nano technology
- Microsensors and microactuators
- Middleware Issues
- Middleware services and agent techn
- Middleware solutions for reliability, fa
- Mobile and Wireless Networks

# Cómo identificar revistas dónde publicar

## Localizar unas tres revistas “meta” o candidatas.

Se recomienda ubicar un conjunto de revistas potenciales ya que una sola puede excluirse por varios factores.

Estas revistas deben responder a ciertos criterios de decisión:

- Las revistas publicaron artículos similares.
- Pertenecen a las áreas de interés del investigador.
- El manuscrito pertenece a los tipos artículos publicados.
- Otros criterios: acceso abierto, costos de APC.

# Cómo identificar revistas dónde publicar

## Valorar la calidad e identificar el impacto:

Existen varios criterios para determinar la calidad e impacto de una revistas, algunos de alcance cualitativo y otros cuantitativos.

- Trayectoria del editor y del comité editorial.
- Cartera de árbitros o de revisores internacionales.
- Citaciones de la revistas en bases de indización.
- Métricas en índices de citación: JCR, SJR.

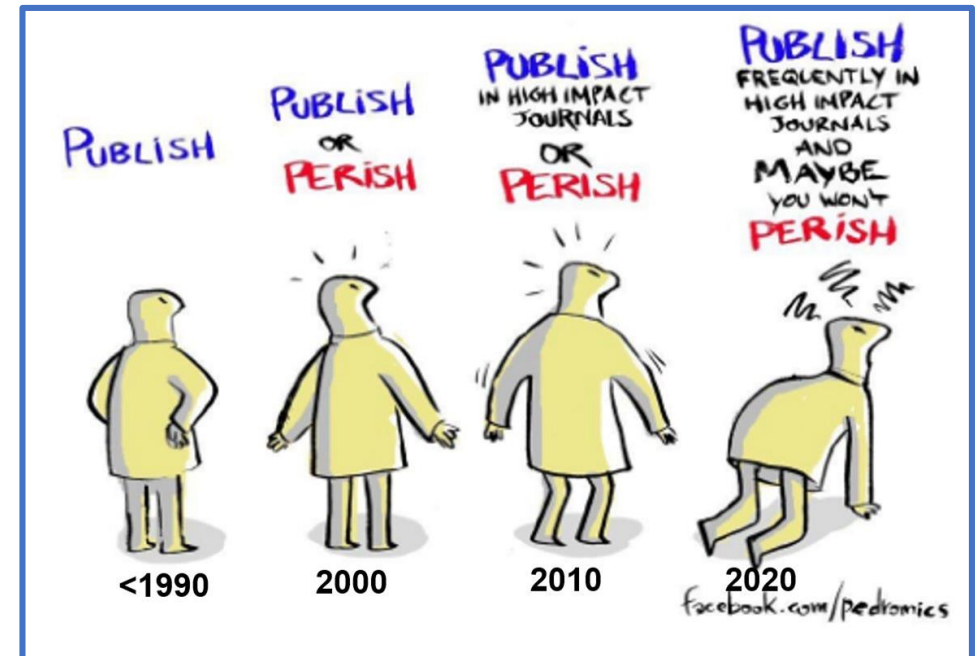

# Cómo identificar revistas dónde publicar

## Publicar en abierto y costos de APC:

El **acceso abierto** puede definirse como la práctica de proporcionar acceso en línea a la información científica que es gratis para el usuario final (UE, 2013).

El **APC** (*Article Processing Charge*) es una tarifa que se cobra a los autores para hacer que un artículo esté disponible en acceso abierto.

Esta tarifa puede ser pagada por el autor, la institución del autor o su financiador de investigación.

# Web of Science – Master Journal List

<https://mjl.clarivate.com/search-results>

The screenshot shows the search results page for 'AUSTRALIAN FORESTRY'. The browser address bar displays 'https://mjl.clarivate.com/search-results'. On the left, there is a 'Filters' sidebar with 'Web of Science Coverage' and 'Core Collection' sections. The 'Core Collection' section has 'Science Citation Index Expanded (SCIE)' checked. The 'Refine Your Search Results' section shows active filters: 'SCIENCE CITATION INDEX EXPANDED (SCIE)', 'FORESTRY', and 'Quarterly'. The 'Search Results' section shows 'Found 16 results (Page 1)' and a 'Share These Results' link. The first result is 'AUSTRALIAN FORESTRY', which is highlighted with a red box and a yellow arrow. Below the journal name, the publisher is listed as 'TAYLOR & FRANCIS AUSTRALASIA, LEVEL 2, 11 QUEENS RD, MELBOURNE, AUSTRALIA, VIC, 3004', the ISSN/eISSN as '0004-9158 / 2325-6087', and the 'Web of Science Core Collection' as 'Science Citation Index Expanded'. Additional 'Web of Science' indexes are listed as 'Essential Science Indicators | Zoological Record'.

La versión más reciente del Journal Citations Reports-**JCR (2021)** apareció el 29 de junio, 2022.

Para consultar la vigencia actual de una revista se emplea el MJL: <https://mjl.clarivate.com/home>

De preferencia use el **ISSN** para identificar la revista.

En el resultado se aprecia si la revista está en:

- Science Citation Index Expanded (SCIE)
- Social Sciences Citation Index (SSCI)
- Arts & Humanities Citation Index (AHCI)
- Emerging Sources Citation Index (ESCI)

## Turning Knowledge into Impact

Elsa enables you and your team to articulate your expertise and create new knowledge that is more discoverable and can reach a wider audience.

**i** Thank you for creating an account, you will receive an email invitation once you are added to a book project.

### Plan and set milestones

 Work with an Elsevier staff member and your collaborators to define a plan, set milestones, and track progress. If you are a lead author or editor, use the dashboard to see what's happening with each chapter and identify who might need help.

### Write

 Whether you are writing all the content for a project yourself or contributing a part, write directly in Elsa. We will save your work every second and you will always have access to your submitted drafts. Don't worry about formatting--we'll flow your text into the design template for the print version of your work.

### Tag your content

 Elsa will help you tag your central ideas at the chapter, section, and paragraph level so they can be discovered by new readers. Use component tags to indicate whether a piece of content serves as a "definition" or "method" or has another critical function. Watch your Discoverability Score rise as your writing becomes better equipped for the digital world.

### Watch production happen

 Elsa will typeset your work with a click so you can proof your work right here. Copy-editing will happen here, too. We'll send your print-ready file directly to the manufacturer and the digital version to our proprietary platforms.

<https://app.elsa.pub/auth/login>
